

PhpESP – Orodje za pripravo, izvedbo in analizo spletnih anket

Vsebina

- uvod
- kaj rabimo
- za kaj rabimo
- kako rabimo
- zaključek

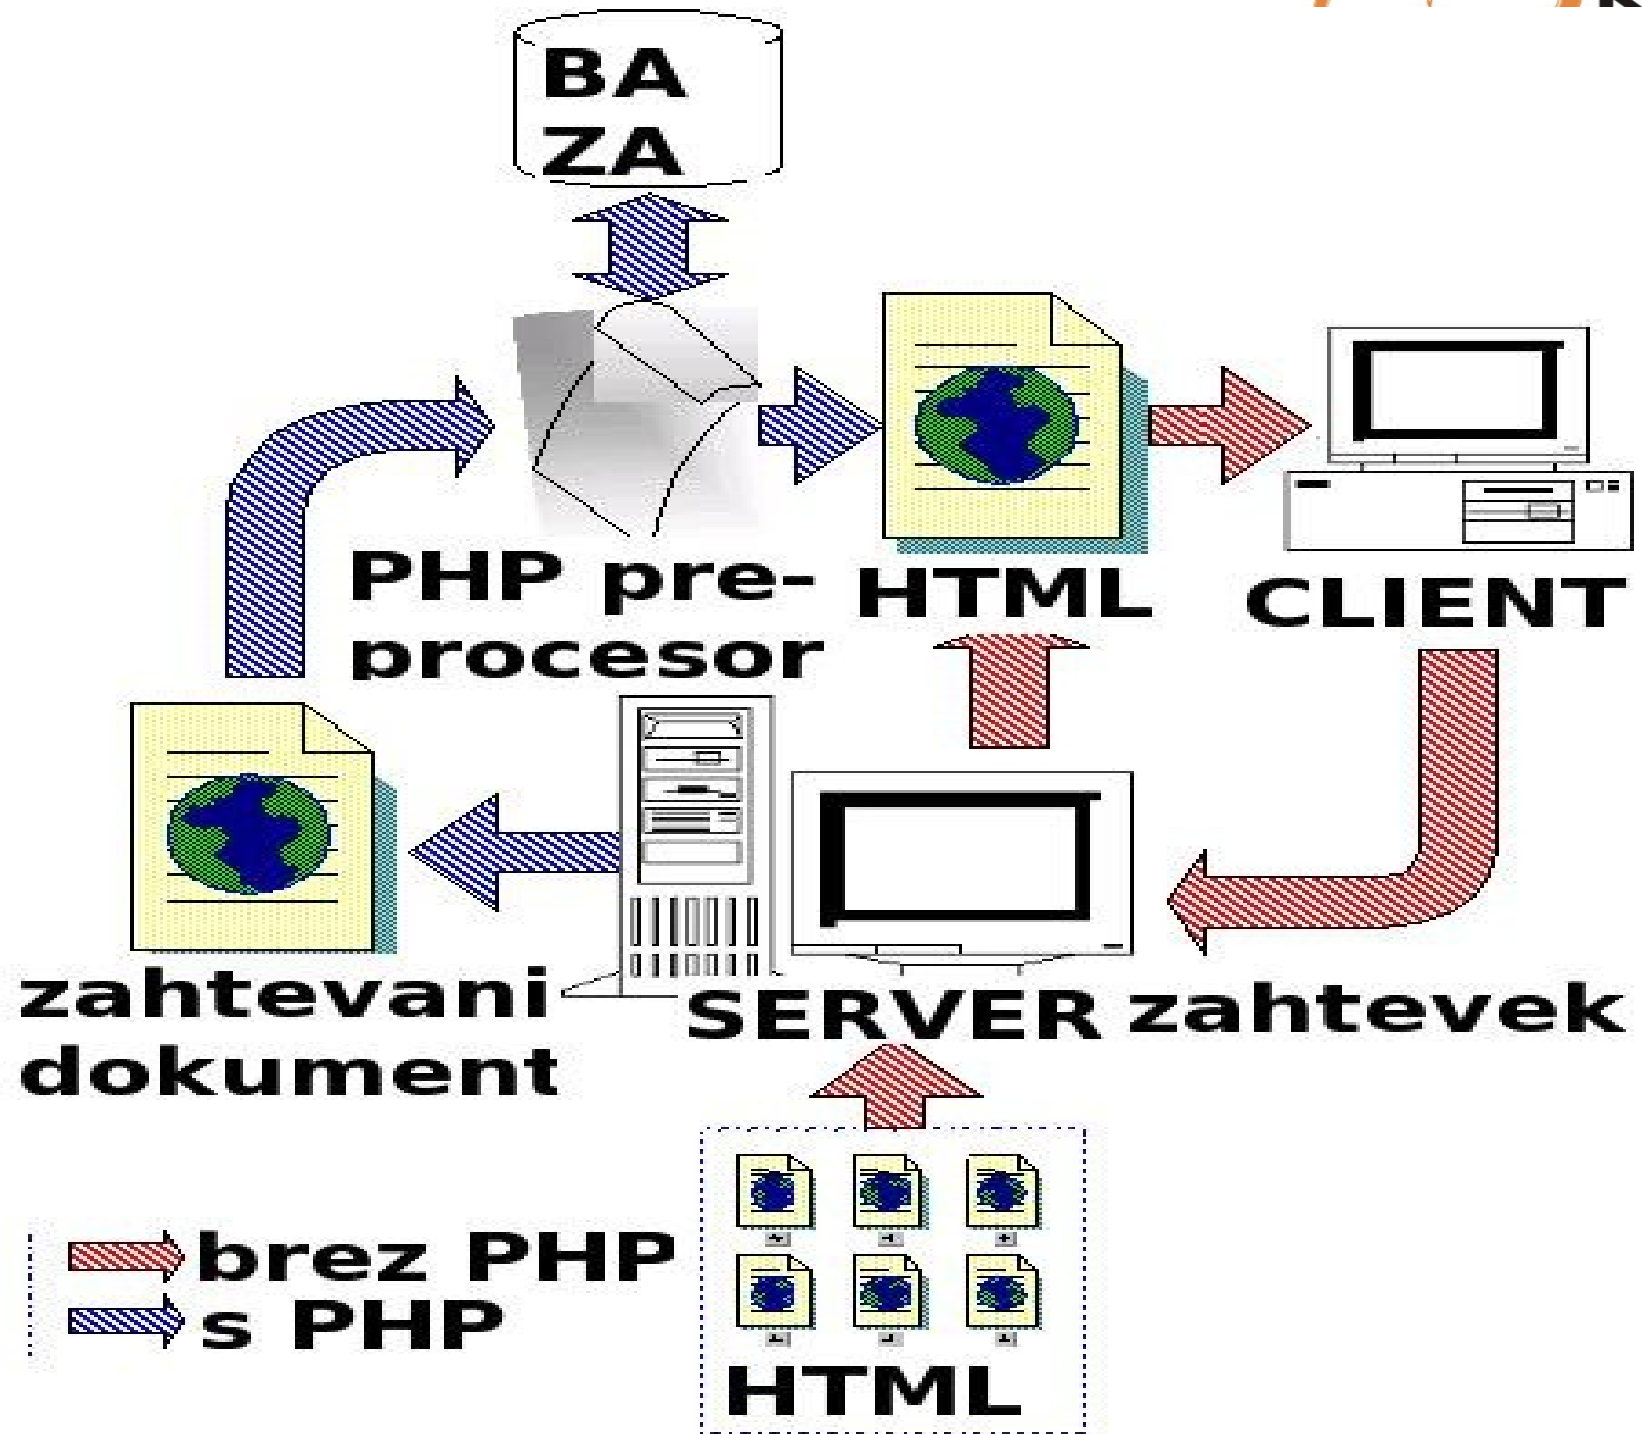

Uvod

- ankete
- spletne ankete
- prednosti spletne ankete
- tudi v šolstvu

Kaj rabimo

- za uporabo: brskalnik
- za serviranje:
 - spletni strežnik, PHP
 - baza podatkov
- phpESP je ena od OK možnosti

<http://www.butterfat.net/wiki/Projects/phpESP/>

Kaj rabimo - admin

- Apache, PHP
- MySQL
- kodo: <http://phpesp.sourceforge.net/>
- razpakiramo
- vnos v bazo
- geslo v inicializacijsko datoteko

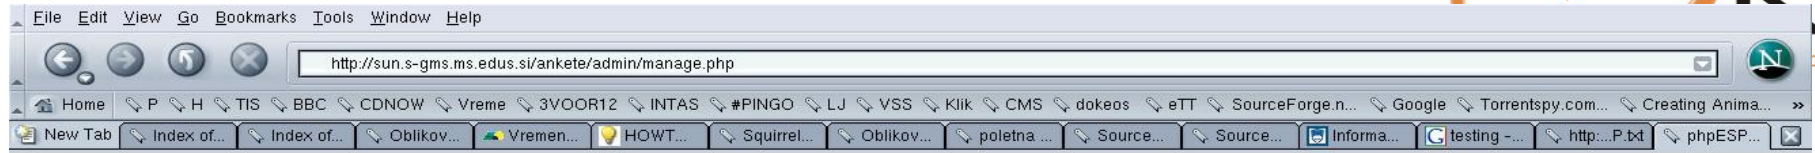

Za kaj

- ustvarjanje
- preizkušanje
- izvajanje
- analiziranje
- izvoz

Kako rabimo

- Tri vrste uporabnikov:
 - upravitelji – kreirajo uporabnike in oblikujejo skupine avtorjev
 - avtorji – oblikujejo, preizkušajo, aktivirajo in analizirajo ankete
 - Uporabniki – za privatne ankete

The information on this tab applies to the whole survey. Fill out this page then go to the **Fields** tab to edit individual fields.

Name *Required*

Survey filename. This is used for all further access to this survey. (no spaces, alpha-numeric only)

Owner colos1 / *Required*

User and Group that owns this survey.

Title *Required*

Title of this survey. This appears at the top of every page of this survey. (free-form, including spaces)

Subtitle

Subtitle of this survey. Appears below the title. (free-form, including spaces)

Additional Info

Text to be displayed on this survey before any fields. (i.e. instructions, background info, etc.)

Confirmation Page (URL)

The URL to which a user is redirected after completing this survey.

OR

(heading text)

(body text)

Heading (in bold) and body text for the "Confirmation" page displayed after a user complete this survey. (URL, if present, takes precedent over confirmation text.)

Email

Sends a copy of each submission to address (or leave blank for no email backup).

Survey Design Completed

You have completed this survey design.

To insert this survey into your web page, copy the text below, and paste it into the HTML of your page.

```
<?php $sid=7; include("/var/www/ankete//public/handler.php");?>
```

Once activated you can also access the survey directly from the following URL.

```
http://sun.s-gms.ms.edus.si/ankete/public/survey.php?name=colos_anketa
```

You must activate this survey before you can collect results. Once a survey is active, you may no longer make any changes to it. You may activate this survey by choosing **Change the Status of an Existing Survey** from the Management Interface.

Edit a Survey

Pick Survey to Edit

7	<u>colos_anketa</u>	Testna anketa - naslov	colos1	colos

[Go back to Management Interface](#)

Survey Status

- **Test** transitions a survey into testing mode. At which point you may perform a live test by taking the survey, and viewing the results. The survey may be switched back into **Edit** mode if additional edits are needed.
- **Activate** transitions a survey into active mode. In this mode the survey is open for production use, and may be put online. This will clear any results from testing mode (if any). No further editing of survey is allowed.
- **End** transitions a survey into ended mode. In this mode, no edits are possible, no users may take the survey (it is inactive), but results are still viewable from the results menu.
- **Archive** removes this survey. It is still stored in the database, but no further interaction is allowed. You may **not** view the results of an archived survey.

[Go back to Management Interface](#)

ID	Name	Title	Owner	Group	Status
7	colos_anketa	Testna anketa	colos1	colos	Editing Test Activate Archive
		naslov			

Copy Survey

Choose a survey of which to make a copy. The copy will have the same status of a newly created survey. You will be able to edit the survey, and will have to activate it before use.

7	colos_anketa	Testna anketa - naslov	Testing	colos1	colos

[Go back to Management Interface](#)

Survey Access

This lets you control who has access to fill out a form. Public surveys let anyone submit data. Private surveys are restricted by Respondent Groups.

Note: You must use handler-prefix.php & handler.php when using private surveys.
